ADAPT COMMUNITY NETWORK [we change]

WEBINAR

SUPPORTING SOCIAL CONNECTIONS FOR AUTISTIC INDIVIDUALS

Tuesday, December 20, 2022, 12:00 pm – 1:00 pm

DESCRIPTION: Building social connections are critical to supporting mental health. This talk will focus on ways to support social connections for autistic children, adolescents, and young adults. The talk will include strategies for building skills related to social connection and review examples of social skills programming. Additionally, recommendations for setting up the environment and incorporating sensory needs to promote social connection will be discussed.

WHO SHOULD ATTEND:

Parents, family members, caregivers and professionals who want to enhance the lives of children, teenagers & young adults. We welcome anyone who strives to achieve the same goals.

LANGUAGE:

English (With Spanish Interpretation)

REGISTRATION IS REQUIRED

ABOUT THE SPEAKER

Michelle Lee, PhD is a Clinical Assistant Professor in the Department of Child and Adolescent Psychiatry at Hassenfeld Children's Hospital at NYU Langone. Dr. Lee directs the PEERS® social skills programming at the Child Study Center, an evidence-based group intervention for adolescents and young adults presenting with social vulnerabilities.

Dr. Lee's clinical work also includes providing assessment and evidence-based individual therapy for children, adolescents, and young adults with a range of clinical presentations, with a specialization in supporting individuals with ASD and co-occurring concerns.
