

SOCIAL-EMOTIONAL DEVELOPMENT: SCHOOL- AGE CHILDREN

Wednesday, July 27th, 2022, 10:00 am - 12:00 pm

DESCRIPTION: How do children start to understand who they are feeling, and they can expect from others? These concepts are at the heart of their social of their social-emotional wellness. This presentation will focus on: We will discuss how children develop social skills to form friendships, manage their emotions and anxieties, and develop social skills. We will review the social-emotional milestones of social skills. We will learn about activities that address children's social-emotional development at home and in the classroom.

WHO SHOULD ATTEND:

Parents, family members, caregivers and professionals who want to increase the communication skills of all individuals they support and service. We welcome anyone who strives to achieve the same goals.

LANGUAGE:

English (With Spanish Interpretation)

By Phone: (718) 436-7979 Ext.704

ABOUT THE SPEAKER:

Susan Cuoccio MEd. LLC, parent trainer, educator and college lecturer addressing early childhood, special education, and children on the autism spectrum. In 1999 she earned a Master of Science in Special Education, with a concentration in Autism. It also prepared her to work in teams with psychologists, social workers, and families to respond to the special needs of this unique population.

She hopes to use her 30 years' experience as a professional and as a parent who has raised an autistic son, to support educators, parents, and professionals. By providing trainings and consultations I can offer the tools needed to support their work, thus increasing their comfort level, and understanding of working with people with learning and behavioral challenges, either in the home, school or even district wide.
